

## **ECONOMIC STIMULUS COMES TO HARVEST POINTE**

August 12, 2010

The Board of Harvest Pointe continues to be alert for opportunities to help residents of our community as we all struggle to control expenses. We are pleased to announce an agreement with a garbage and trash hauling service provider that can bring cost benefits to homeowners and to the HOA as well. Under this agreement, when fifty (50) residences volunteer to sign up;

- Recycling will be provided at \$5 per month if desired,
- Every homeowner signing up will receive \$500.00 discount on a full interior or a full exterior paint job by **Casey's Painting** guaranteed for five years, and
- Each homeowner signing up will receive additional discounts on roofing, siding, pressure washing, gutters, and rotted wood replacement.

In addition to these cost savings and to help offset the need to raise Annual Dues, our Clubhouse will be painted at no cost every five years, trash at the clubhouse will be picked up free, and the pool area will be pressure washed free annually.

When a representative from **Allwaste Sanitation & Recycling** makes a visit your home and you sign up for their pickup service, your cost will only be \$13 each month for the next two years. If you miss them, just call 678.402-7777.

This keeps money in your pocket. This new service will have the benefit of reducing trash truck traffic, noise, and inconvenience as well. Remember, fifty (50) of your neighbors **must sign up with Allwaste Sanitation & Recycling**, if you choose to, and drop your current provider in order for this to be cost effective for all concerned, so please sign up and ask your next door neighbor and the folks across the street to do the same. If you have questions before the representative from **Allwaste Sanitation & Recycling** visits, just call them at 678.402-7777.
